

AMENDMENTS TO THE SPECIFICATION

Please replace Paragraph [0031] with the following paragraph rewritten in amendment format:

[0031] As shown in Fig. 6, the handle **50** is swung from the body **48**, which is disposed in a recess **62** in the body **22**. As shown in Fig. 7, the body **48** can be pulled from the D-shaped recess ~~[[68]]~~ **62 (shown in Figures 1 and 2)** and the handle can be operated to turn the extension **46**, which turns the shaft **38**, which in turn winds or unwinds the anchor cord **32** on the reel **26**. When the reel **26** is in the desired position, the handle **50** can be folded back into the body **48**, and the body can be pushed back into the recess **62**.
